# Get Started with DCMC

**The Douglas County Master Class (DCMC) Series User's Guide**

Congratulations on taking the first step to achieve financial health and wellness! In this guide, we'll share with you steps to register for an account so you can easily keep track of your progress, create watchlists, rate videos, and, most of all, optimize your learning experience.

**Douglas County GEORGIA**

**MASTER CLASS** SERIES

**Financial and Entrepreneurship**
Recovery Fundamentals

**GO WEST**
**UWG**

CENTER FOR ECONOMIC EDUCATION
AND FINANCIAL LITERACY

**It's as easy as 1-2-3!**

1.    Type https://dcmasterclassseries.com/ into your browser's search bar.

2.    Complete the pop-up box to sign-up for the DCMC email newsletter.

3.    Click the dark blue sign-up button at the top right of the home screen and input all required information.
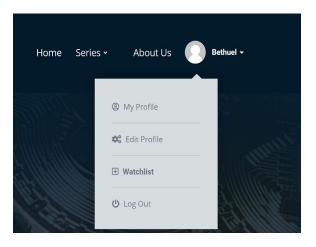

Now that you've registered for an account, start watching your first video! We recommend starting with **Series 1: Budget Basics**, to build your financial foundation. The DCMC program is flexible, so you can go at your own pace and fully customize your path to financial wellness.

The **navigation bar** found at the top of the **homepage** contains links to the full video series, the **about us** page, and your **personal profile**.

When you select your name located in the upper right-hand corner, you can access your profile and the option to edit and customize it.

Your **watchlist** of all the DCMC videos you've completed is also found here as well as the **log out** option when you have completed a session or if you are on a public computer.

Keep watching all the available videos to grow your knowledge. To dig deeper in your financial journey, try the iGrad modules linked to each video. You will receive an action plan and print at home certificate for each iGrad activity completed.

Follow @DCMasterClassSeries on Facebook, Instagram, Twitter, and LinkedIn to stay up to date on the latest DCMC news. For questions or concerns, contact:
